

LINED FACE MASK

S-MASK-ASST

Like everyone else, we've found 2020 to be a great time to reevaluate and pivot on some of our daily activities. With that in mind, we've repurposed smaller pieces of our signature fabrics, creating handmade, pleated and lined, non-medical grade masks that will add a touch of color to your necessary outings. Each mask is unique and we hope you'll enjoy the surprise of discovery as you open the package - we'll send you a current, wanderlust-inspired pattern based on what's currently in stock.
