

## HAND EMBROIDERED OTOMI DINNER NAPKINS - SET OF 4

### J-616

---

These 100% cotton dinner napkins are crafted entirely by hand, from cutting the fabric to stitching the traditional design. They will brighten up any table with their mythical animal details. Featuring Otomi hand embroidery which has a distinctive, flat stitching that creates an almost abstract design.

These textiles are large enough to use as tea towels or guest towels - but we love them on the table. They look great with our Jute Tassel Napkin Rings, too!

Available in a variety of bold color schemes, selected by the artisan. Each napkin is 100% unique.

Sold as a set of 4 natural cotton dinner napkins, with assorted embroidery colors.

Dimensions: 11" x 6" x .25"
